A polished guide to the Cotswold Way National Trail, with detailed maps, GPS waypoints and masses of practical information including a section on 'minimum impact walking'; (Walk Magazine, The Ramblers) Maintains the hallmarks of these popular Trailblazer LDP guides. " (Strider, Journal of the Long Distance Walkers Association) The Trailblazer series stands head, shoulders, waist and ankles above the rest. They are particularly strong on mapping... Tricia and Bob Hayne are hikers of considerable experience, having trekked in many parts of the world. For many years Tricia was editorial director of Bradt Travel Guides.

Very useful book. We haven't yet travelled there, but this seems like the best way to plan our summer trip walking the Cotswolds.

Very nice book - lots of wonderful details and maps.

The Cotswold Way guide was a perfect tool to have with us during our walk from Chipping Campden to Strout. Although the trail was well marked, the guide prevented us from taking the wrong turn many times. The guide also had good information about the towns and villages along the way with suggestions for housing, restaurants, and other services. I would recommend it for anyone who's planning to walk any part of the Cotswold way.
