Elon Musk: Elon Musk's Best Lessons For Life, Business, Success And Entrepreneurship

Synopsis

ELON MUSK - NEW 3rd EDITIONGrab this great book now at a HUGE discount! Available for only \$0.99 for a limited time - Normally priced at \$4.99!!This is the recently updated 3rd edition of this book, complete with additional chapters and revisions! Available for a limited time discount launch price!Elon Musk has been busy improving humanityâ™s chance of long term survival for nearly 20 years. After helping to form PayPal, Musk went on to form a company whose work has since replaced the space shuttle when it comes to NASA flights to the space station and is behind the recent expansion in the number of electric cars on the road as well. In addition to being a compelling story of triumphing against adversity, 'Elon Musk: Best Lessons for Life, Business, Success and Entrepreneurship!' has plenty to teach when it comes to learning the lessons that Musk has taken to heart to achieve his success. Musk is a symbol of the American dream, despite not being American, he is truly self-made, working his way through college and starting his first business in time to take advantage of the burgeoning internet scene to become a millionaire before the age of 30. Unlike many people who might think that was enough, Musk instead put his money into another startup which quintupled his net worth when his company was purchased by eBay. From there he went on to become the CEO of two companies which are each worth \$1 billion. Do yourself a favor, learn from what Musk has done, and read this book today. Here Is What You'll Learn About...Who Is Elon MuskWhat Makes Elon So SuccessfulElon's Biggest SuccessesElon's Biggest FailuresWhat Elon Has Planned For The FutureLessons You Can Learn From Elon MuskHow To Replicate Elon's SuccessMuch, Much More!Download Your Copy Today!Take action today and download this book for a limited time discount of only \$0.99, or read through Kindle Unlimited!

Customer Reviews

Well. Read one or two pages and thought something is missing in this book. More like a uni student's report regarding elon musk putting together stuff scraped on the Internet. Geez. A piece of junk i can say if you expect something like a well-written publication or sth. So don't waste money. Crap.

More of a pamphlet than book

What a rip-off compared to the pix. It's more like a pamphlet w. only, 40 pages. The price is that of a hardcopy. Very disappointing. Because it was being a Christmas gift. Not now it's too cheap.

Waste of time and money. Very little content, not much work put into this. Very slim book, with generic information available anywhere.

Reading felt lacking of substance, essentially promoting Elon's interests/companies without containing any personality. Redundancy abounded amongst the chapters with the reader only getting a superficial sense of Elon the man.

I believe this is one of the first books I have read that is just detail. I didn't find any of the typical author bs in this because it was just the stories of Elon Musk, short, sweet and to the point as they say. Large print too and a quick read.

This book very much describes Elon's high intelligence from a young child to beyond, all his college successes! This book touches on Elon's personal life and shedding insight on pressures of media, and financial issues. This book is a must read! I will definitely use some of his business techniques

in my endeavors and reread this book again!

Such an inspiring and motivational book to read. I find it very interesting because it will help you understand on how the business works for Elon Musk and how he handled his success and failures. This eBook contains a detailed information on how a victim of bullying became the one of the most powerful person and youngest billionaire in the world. It will provide you an in-depth explanations on how he managed his businesses and investments. You will learn a lot of life-changing lessons which you can apply in your day to day experience and find out what drives him to be the person he is today. Highly recommended!
