The Encyclopedia Of Yoga And Tantra: Over 2,500 Entries On The History, Philosophy, And Practice

Synopsis

The ever-increasing popularity of Yoga and related practices makes a desktop reference like this indispensable. With over twenty-five hundred entries and extensive illustrations, it combines comprehensiveness with accessibility. The book is arranged and written in a manner that will inform rather than overwhelm the lay reader, while at the same time offering valuable references for the professional researcher and the historian of religion. This new edition includes information about contemporary Yoga teachers. It also provides fuller descriptions and illustrations of Yoga poses, and features additional cross references.

Customer Reviews

"Sound, discerning, and endlessly useful. No serious student of Yoga can afford to be without it." —Huston Smith, author of *The World's Religions* "Many books have been written on Yoga, but Feuerstein's is perhaps the best ever published." —Choice "All Westerners interested in Eastern philosophy and religion will soon wonder how they ever did without this volume at their side." —Jacob Needleman, author of *The Heart of Philosophy*

Georg Feuerstein, PhD, (1947–2012) is internationally respected for his work on Yoga and is the author of over fifty books. He designed and taught several distance-learning courses on Yoga philosophy for Traditional Yoga Studies. For more information, go to www.traditionalyogastudies.com.

Hello Google, This book on Tantric Yoga terms is very detailed and well written. I appreciate the effort that the author went through to produce this nice reference book.

Great author, great book, great service! Thank you!

Had to purchase this for a teacher training. Nice to have as a reference. Cannot always find Sanskrit definitions online

Yea. get it

Covers a lot of Sanskrit terms, yoga and tantra concepts both modern and traditional. The paper is not white, but that's maybe because is recycled paper. Although the book has transliterated vocals: *Āfâ Ā Â•, Āfâ Ā Â«, Āfâ |Ā Â«,* I can still see sh instead of *ĀfĀjĀ Â Ā Â£* or *Āfâ |Ā â °*. So the terms are not completely transliterated.

yeah this is not at all what I wanted. I should have realized this was merely a useless encyclopedia which I have now found elsewhere for significantly less. very disappointing.
