Customer Reviews

love, love, love, this set. I listen to it everynight to help me sleep. My kids can hear the shows, while they are playing, and now are asking to borrow the tapes, because they enjoy listening to them too.

I have not listened to these because I bought them as a present for a friend. He's 71 and has bad sight in one eye so reading is not always possible. He told me has listened to quite a few of the tapes since he received them and says they are very good. Great gift for anyone with sight problems or just wants to listen to some good, old radio programs.MHD--Texas

These are great, I take them camping and listen to them at bedtime.

Was a great gift. Receiver of gift liked it very much. Have not heard any further feedback on this item.

Have not listened to all. However, we are enjoying what we have. The tapes were in excellent shape. Very satisfied.

We purchased these tapes for a long road trip. We got so involved in the mysteries that the time flew by. They were interesting and fun.
