Great illustrations update this re-issue. The prior issue was becoming somewhat dated and culturally inappropriate. The new issue has fresh lively artwork appropriate for our time and carries this timeless story forward.

very cute Dr. Seuss book that shows the types of houses children all over the world live in

My 3 year old loves this book and asks to read it over and over. It has such cute illustrations too!

My 4 year old grandson loved it and asks to read it over and over again. He will soon be reading it on his own as he was finishing some of the sentences as we read together. Sweet book shows that children from all over the world can be friends!

Beautifully done! The illustrations have been updated and show the importance of accepting diverse cultures that we should all be teaching our children.

My granddaughter will love her new book!

Good story
