Akira Himekawa is the collaboration of two women, A. Honda and S. Nagano. Together they have created nine manga adventures featuring Link and the popular video game world of The Legend of Zelda, including Ocarina of Time, Oracle of Seasons and Four Swords. Their most recent work, Legend of Zelda: Phantom Hourglass, is serialized in Shogaku Rokunensei.

Great adaptation of the video games, follows the story pretty well. Artwork is really well done as

well. Can beat spending over 1/2 what you would pay in a store either.

This book is awesome, totally bring me back to the game

Nothing better than Zelda, what more can I say?

My son Loved it! Fully recommended!

Lots of fun to read, as are all of these Zelda manga!

One again Akira Himekawa knocks it out of the park. This book collects the Phantom Hourglass and Minish Cap stories. If you played the games you'll quickly notice that Link's adventure deviates from the game story slightly. In Phantom Hourglass you'll be treated to a bit more backstory of the Ghost Ship and Link doesn't need to collect the Pure Metals. Much like Phantom Hourglass, Minish Cap's story is more or less the same as the game with some author embellishment. There is also a fun bonus chapter to Minish Cap featuring Vaati, Ezio, and some cake. Recommended regardless if you have played the games or not!

I had never read a manga before, so I was a bit worried that I may not be able to read from right to left very easily. Luckily, I had nothing to worry about! Once I started reading, I flew right through the book! There were only a couple of times that I messed up and read from left to right. This was such a FUN read! I highly recommend it!
