What a fantastic book- it is packed with lore, mythology, history, and wonderful spells. I take it as a good sign that my copy arrived on a full moon and I was able to perform one of the rituals designed just for that moon phase. This book is life-changingly wonderful and I expect to use it and refer to it for years to come. I have come to realize that author Cerridwen Greenleaf is a truly wise woman whose lifetime of study is in this great guide. The comprehensive information on herbs, moons signs and phases, color magic, gem and crystal properties and how to incorporate this into your life is better than I have seen anywhere else.
