Customer Reviews

Thanks to the wonderful party(ies) that were instrumental in putting together this excellent resource library. I started to purchase the individual products separately for my small Kindle, but when I recently got my Kindle DX, this was my 'gift to myself' ... my first purchase for the DX. Absolutely wonderful. 53 books within one resource. A truly wonderful spiritual library. While I am not an SDA, I value the contributions and prophetic gift of E.G. White, and wish that the world would read her for themselves, rather than basing their opinions on the hearsay of third parties, friendly or otherwise! Hope you will enjoy her, too!!

Awesome resource of the inspired writings of E. G. White, the Prophet of the Seventh-day Adventist Movement. She was beyond a shadow of a doubt, in my mind, a prophet in the name of Him who died for the sins of mankind. Read her writings and you will find for yourself that the same Spirit which inspired the prophets of old, must have inspired her just the same. This resource is profoundly in tune with the unadulterated word of the living God of Creation...pointing us back to scripture and unpacking it for the times now and ahead.

I have wanted this set for ages, and now I have them. And on my kindle. I can take them anywhere and use them. My friends at church did not believe this could happen. Thank you so much for

making them available.

Great value. Worked perfectly on my iMac, but had difficulty with selecting individual books on my Kindle.

Hallelujah! This is a wonderful gift from God the spirit to give wisdom, direction, counsel and instruction of things in the past as well as to things directed for today and the future of His children. Praise The Lord!

Great reading and original writings. Not overly edited. Would like it to be easier to navigate but still very happy to have all these books.

one of the best collections put together for quick look up. Wish all bible and reference books were this easy to use

Such an amazing value that I could not pass it up. All of the books are actually one ebook, so when my wife is reading Desire of Ages and I am reading the Great Controversy I have to use the navigation to get back and forth. Not a big issue since they linked all of the chapter headings back to the table of contents; this makes navigation a lot easier. Also, since they are all one book I don't spend as much time scrolling through my list of books on my Kindle library. The individual books themselves are all flawlessly reproduced for the Kindle.
