Federal Historic Preservation Laws: The Official Compilation Of U. S. Cultural Heritage Statutes

Synopsis

Federal Historic Preservation Laws is an invaluable and authoritative compendium of key statutes dealing with historic preservation. It contains 24 Federal laws and portions of laws that pertain to the preservation of the nation's cultural heritage. Arranged chronologically, the laws trace the evolution of historic preservation philosophy and programs. Included are such key laws as: The 1935 Historic Sites Act, which led to the National Park Service's national survey and documentation of historic and archaeological sites, buildings and objects throughout the United States The National Historic Preservation Act of 1966, which expanded preservation benefits to communities nationwide and to American Indian tribes and other cultural groups Important Federal laws that address specific types of historic and cultural resources.

National Park Service, U.S. Department of the Interior. The National Park Service preserves unimpaired the natural and cultural resources and values of the national park system for the enjoyment, education, and inspiration of this and future generations. The Park Service cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world.

I bought this book for writing my dissertation on cultural heritage management. This book really

helped me find majority of the laws that are enacted in the U.S. for heritage preservation. This book saved my research because it is hard to find the right resources of U.S. laws while in China.

I bought this for my Historic Pres class and it's come in handy. I recommend this to anyone taking such a class or needing to brush up on laws without searching for them online.
