The American Heritage College Thesaurus, First Edition

Synopsis

This new addition to the American Heritage family offers an intelligent and sensible guide to synonym selection. Organized in an easy-to-use A-to-Z format, The American Heritage® College Thesaurus provides a wide range of synonyms, ranging from mainstream vocabulary to the colorful alternatives that make English such a rich and versatile language. Thousands of slang, informal, and regional words broaden the coverage even further, always clearly labeled to ensure that the writer chooses the right word for the right context. Each synonym list focuses on a clear definition that quickly orients the user to the relevant meaning. To increase the number of synonyms available to the reader, words with related meanings show cross-references to one another. As additional support, hundreds of Core Synonym Paragraphs explain the different nuances in meaning of some of the most basic and important synonyms in English. Each paragraph includes a carefully written example sentence for every synonym discussed or a pertinent quotation from a well-known author. No other thesaurus on the market offers as much help in distinguishing shades of meaning and illustrating appropriate usage.

Book Information

Hardcover: 928 pages

Publisher: Houghton Mifflin Harcourt (June 30, 2004)

Language: English

ISBN-10: 0618402195

ISBN-13: 978-0618402199

Product Dimensions: 7 x 1.4 x 9.5 inches

Shipping Weight: 3.2 pounds (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars 14 customer reviews

Best Sellers Rank: #191,894 in Books (See Top 100 in Books) #71 in [Books > Reference > Dictionaries & Thesauruses > Thesauruses](#) #473 in [Books > Textbooks > Humanities > Linguistics](#) #766 in [Books > Politics & Social Sciences > Social Sciences > Linguistics](#)

Customer Reviews

The Editors of the American Heritage Dictionaries are a team of professional lexicographers with advanced degrees in various scholarly fields. The editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work with expert consultants to ensure that the content of our publications is as accurate and as up-to-date as possible.

If you write for fun or professionally, two books you must own are a good dictionary and a good thesaurus. A good thesaurus will increase your vocabulary and expand your ability to create subtle nuances in your writing that may have been missing heretofore. I'm particularly fond of this thesaurus for following reasons. It has a bright white paper stock, a very legible font style and size for easy reading. You may ask why do I need the two books I just mentioned if I have a computer that has both of these resources? What happens when the Internet is down, or you're writing something when you don't have access to a computer? Nothing will ever replace having ink on paper if our wonderful digital world crashes or is unavailable.

Although I do like the emphasis on organizing synonyms by nuances of meaning, the thesaurus doesn't measure up to my favorite, *The Synonym Finder*, by J.I. Rodale (1978). The Rodale version provides many more synonyms per term and many more terms overall. My edition was getting pretty beat up, and later versions of the Rodale were not getting equal reviews, so I had hoped the American Heritage thesaurus would fill the gap. I'll use it, but I'll probably supplement it with my old Rodale, too.

It was everything my daughter needed

Excellent value!

The American Heritage College Thesaurus, First Edition This is just a wonderful book with so many helpful words. In today's world, it is nice to have an actual book to refer to if you are stuck rather than depending on the internet for simply everything. It is a **MUST HAVE** for everyone.

Use it with the children to help complete homework assignments. Typeset and font are easy to read. Binding is excellent.

I bought this thesaurus for my kids but everyone is using it. It is a very good reference for those who want to expand on their use of the English language.

This thesaurus has come in very handy considering I'm back in school, and it will continue to work for me in the future.
