Ed Fox II (English, German And French Edition)

Synopsis

Curves from top to toe: Ed Fox thought he was the only young man who checked out a woman's feet before her face, and most of the time couldn't meet his models' eyes for fear they'd discern his secret. Then he became the official foot photographer for Leg Show magazine, and learned of the thousands of men just like himself and the glorious legacy of foot fetish photographers before him, not least the great Elmer Batters. Since then, Fox has become famed the world over for his sensual photographic style that captures every curve of a woman's body, right down to the tips of her toes. In Ed Fox II he brings us voluptuous new models, arresting locations many blending the desert landscapes of Southern California with Fox's passion for automobiles and fantasies mild to extra spicy, all shot in warm, caressing natural light. And, like Glamour From the Ground Up, Ed Fox II comes with a 60-minute original DVD, bringing the still photos to vibrant life. This edition's special Panic Cover is reversible to a realistic-looking academic book to keep the real contents hidden from your annoying boss or even help you impress an attractive onlooker! books for TASCHEN include The Art of Pin-up and Psychedelic Sex. She lives in Los Angeles.

Perfect condition, DVD was even still there, I would give it 10 stars if I could! Most of the models were attractive, very high quality paper, all around excellence!

Strong pictures inside. Some beautiful others not so much. Anyway is not a kind of book that you can leave on your room table for visitors to enjoy.

I changed my rating on this book. it has grown on me and I really enjoy the clean and crisp photography

Some very sexy women and I liked most of the DVD but some are WTF kind of things.

If you love women's feet or are an erotic photo aficionado, pick up this gorgeous book. Everything from glamor to gritty is here beautiful LARGE photos!

More like Hustler and less like Playboy, if you get my drift.

Ever wanted to see a woman take a leak? This book has just that!

Great book fast shipping.
