Customer Reviews

Another great book that has great values in it. Hard to put down. When I first started reading it I felt I was missing so much because the children were grown and didn't have a "relationship" with Christine and Henry but as the story progressed the blanks were filled in and it was such a good read!

All' well.

This is a beautiful love story and about heartbreak. How to come to know the Lord God. A Must-have book.

love it

Wonderful book!!

I still enjoyed this book even though the author threw me for a loop and jumped the story a few years. I liked the newly added characters and the story blends well with the previous plots.

I loved this book .I have gotten to know some new friends, in this Book.I seem to get very involed in thier lives.,I wanted to give Christine a some addvice about Boyde!!! was so excited when Henry I love these Books :)I can not wait to read the next bookJanette Oke is such good Author !!!!!

I thoroughly enjoyed this book. I wasn't sure at first since there is a big difference in time period from book 4 and book 5; however, it was tied together beautifully.
