One of Canada's top travel writers, and definitely one of our biggest personalities. (Globe and Mail)As the saying goes, the longest journey begins with a single step. Esrock's book just might inspire you to take it. (Georgia Straight)If there is one country that deserves a bucket list of amazing places we must visit and wonderful experiences that we must have, it's Canada, and author Robin Esrock has finally given us one. (PiqueNewsMagazine.com)As a new Canadian,

Robin provides a unique perspective on our vast country, and reminds us that we live in a pretty remarkable corner of the world. (Canadashistory.ca)

The Great Canadian Bucket List is what the giant sequoia is to trees and what Zdeno Chára is to the NHL...a big game changer. This weighty tome will be a definitive guide to any Canuck looking to experience great travel and adventure within the confines of our enormous country - the greatest place on earth! (Jon Montgomery, Olympic Champion & Host, The Amazing Race Canada)

If you're looking for ideas for some truly unusual experiences in Canada, look no further. This book is full of suggestions. Most of them were things I'll never actually do, but I had a lot of fun reading about them.

Written with colourful imagery and a tangible sense of wandering this book is the perfect book to inspire an adventure. Much easier to read than a guidebook, with just a hint of sarcasm, and a beautiful final note about what makes up a satisfying bucket list. An outstanding gift for adventurers backpacking, planning, or just dreaming of their next adventure.

The book is great and unique. It's fantastic and unlike any other travel book I have ever read. I also like the fact that it's so integrated with the book's web site.

This book is the real thing, AWESOME. There are tons of resources for the usual travels around the country... But I have always missed a deep dive on the best things to look for and to do, finding only bits and pieces scattered all over the place and without any sense of reliability. Finally we have it!! I am so glad I bought it, not just the selection but also the pictures, the cool trivia, all give you a sense the whole stuff has been so well researched and all you have to do is go!

Very informative and easy to read. It helps plan a trip to the provinces of Canada and learn about a number of activities practically unknown.
