Customer Reviews

When I purchased a 16 month calendar, I expected a page for September, Oct, Nov, Dec --- not a single page with 4 months on it. January 2017 starts with a separate page per month so now I will actually be able to use it. It's a decent quality and fun pictures.

I bought this as a gift for my daughter for her birthday. She loves Trolls and it is perfect for her! The quality is good, the only other recommendation i have is to use sturdier paper so the holes do not rip as easily.

Don't expect to write on this calendar though. The days aren't boxed in, are small, and the color schemes and glossy paper make it difficult to write on. Got this after my wife misplaced out other calendar in the kitchen :)

I was happy to find a hard copy calendar with space large enough to write in. My only problem is

that the paper used has a glossy surface, which can make it easy for the ink to smear. But for someone who needs a visible reference that can be posted, it's a good solution.

I love the design and appearance of this calendar. The fonts, and colors make it great and easy to read from a distance when not exactly at my desk. Also the images chosen are very good and well liked.

my son loves this but its starting to fall apart. He's a bit rough on things at 4 yrs old.

I can read the date and also have enough room to write in each 'date rectangle' for future plans

Great calendar with really neat photos. It has a lot of pictures that I have not yet seen. Very pleased with it.
