English The American Way: A Fun ESL Guide To Language And Culture In The U.S. (with Embedded Audio & MP3) (English As A Second Language Series)

Synopsis

REA's English the American Way: A Fun ESL Guide to Language and Culture in the U.S. with Embedded Audio & Mp3 Download Helps English Language Learners Improve Their Skills A fun guide to everything American for the English language learner! Authored by seasoned ESL instructors, this handy guidebook is perfect for people who already have a good grasp of English, but want to improve how they speak the language as it is spoken in the United States. Written in a lighthearted and easy-to-follow style, this book is a great resource for people of all ages and all nationalities. Each unit introduces commonly used phrases, vocabulary, and verbs, and offers sample dialogs to illustrate everyday American life. Sentence completions, quizzes, tips, and illustrations make learning fun. Individual units cover topics essential to the mosaic of American life: making friends, basic skills, driving, dining out, dealing with money, home life, emergency situations, doctor visits, handling a job interview, and more. To improve your pronunciation, listen to the embedded audio that accompanies this e-book or download the Mp3. The audio contains all the dialogues and pronunciation pointers found in the book so you can listen along and practice your speaking skills as you read. The dialogues are read by native speakers and are a great way to work on accent reduction. If you're looking for a fun and easy way to improve your English language skills, this is the book for you!

Customer Reviews

I bought this book a few weeks ago to use to teach my ESL class. Unfortunately, the English that's presented in this book is the everyday English that we native speakers speak to our friends. There is just too much slang, dropping of letters, and other shortcuts that are unsuitable for the beginning ESL student. I will have to look for another book, which is too bad as I had high hopes for this one. Take care.

What a delightful resource for ESL learners! In my years as a teacher of ESL, I have often been unhappy with the textbooks used. I have always looked for a fun, but informative way to get my message across. This book uses humor and "real world" examples to enable students to use what they learn. Kudos to the authors for using their years of experience to answer this very real need in the ESL classroom. I see this as a "must have" for anyone interested in being a more informed and effective educator or an ESL student who wants to have fun and learn.

I really love this book! Its humorous aspect enchants me and helps me to have more pleasure to study. I like the contexts that allow us to live the American reality, the environment. Thanks also for the advice, the directions! Good job Guys! fÃ Â Ã Å,Ã â ^Ã Â•ÃfÃ Ã Å,Ã Â•Ã Â

I use this book to help me teach English to friends who want to better understand the language. One of those friends even bought this book for themselves.

It is one of the most interesting ESL books I have ever read. You learn new vocabulary according to some particular situations and the most important facts of American life. I would like to know if there exists another book like this.

Got is as a gift and was told it is a great.

I like the explanation of the culture part, and it's helpful.

Good and easy to understand
