Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

helpful review book

I read this bad boy cover to cover in the last 3 weeks of school, equally splitting the amt of pages into pages/day to finish by the day before the exam (May 10). This bad boy is PACKED with all info I needed to snag myself a 4 on the AP exam. Thanks, Princeton review!

Daughter needed for school. Just what she needed.

I think this was very useful and it had a lot of good tips. The only thing i wish it didn't know was talk about Europe so much cause it was unnecessary and reserved for AP Euro.

Served it's purpose

Great Book! Has DBQs and FAQs with elaborate answers and much much more to help you crack the AP World Exam.

Worked!

Excellent help and just what I had hoped for.
