Images You Should Not Masturbate To

Synopsis

Choking the chicken, spanking the monkey, airing the orchid-whatever you call it, none of the images in this book will encourage the gentle art of self-pleasure. This deceptively simple and strangely addictive book presents a laugh-out-loud collection of random pictures virtually guaranteed to dampen the urge of even the strongest libido.

The title of this book was very deceptive. I found each image to be uniquely arousing. I don't know what they are talking about because I masturbated easily to every page of this book.

5/5. Don't tell me how to live my life.

Directions unclear, got paper cuts on my dick. Would not recommend.

Mind over matter on this one guys, if you're really determined, you can accomplish anything. if you can see it, you can achieve it. Funny book, not for reading in jail.

Haha! There are some really out-there pictures in this book. And that makes me happy. What other reason could one have for buying a book like this? I gave it as a gift and it was well received.

Hilarious gag gift and just get it because the pictures are absolutely hilarious! BEST BOOK EVER

My boyfriend gave me a gift card and said "go buy something for me, and, I'll buy something for you, and we'll see whose gift is funnier" Well, hands down, I won. He shows it to everyone and is so proud to tell everyone I got it for him.

Easily one of the weirder things I've ordered. I show people a random picture to get them to stop talking.
