Customer Reviews

This is a fantastic book to teach our children about the gratitude to God for being who we are. Because God made us complete to enjoy the world He has done. And He gives us the different parts in our body to enjoy, play, and understand why we exist. I highly recommend this book, to every mom and grand mom.

I had so much fun reading this to my twin granddaughters. What a joy to watch and listen to them make their own comments on the pages. I can't wait to purchase the other THANK YOU GOD... stories I told them next weekend I will purchase another one and they have called me everyday asking how many more days.

This is a great and special but even more importantly this book has a powerful message and moral standing for children. It's a great buy for parents that want to teach their children about our awesome God.

I suggest this to kids of all ages. This is because of the pictures and the easy to read words.

This is a very cute little book. Highlights that your child is special and parts of body that "God created"! Good rhyming

Read this story to my summer children's Sunday School class and they loved it. Great introduction to a discussion on all the things we are thankful for.
