This book is already out of date and not recommended as the study guide to take the CME. I found this out after ordering. The Seller, RGB Books and Media DEDUCTS 20% from the purchase price when you return items to them. DO NOT PURCHASE ANYTHING FROM RGB BOOKS AND MEDIA!! Pay the \$5 more so you can get your full refund, if the item isn't what you wanted.

Pretty hefty price for the size of this soft cover book, but the husband says it's the best

Arrived in excellent condition

Packed with large amounts of contradictions and miss information. Needs to be updated and contradictions must be addressed. I am not sure if this is the author's fault or that of the FMCSA in general. Last revised in 2010. Very expensive book for what was a frustrating experience!!!!!!

The price was better than others. It got to use more quickly than expected. This book is crucial to

our office and we will definitely use again.

a must for for DOT examiners,

Every MRO in an Occupational Health clinic needs this book. Ours was about 3 editions old. Our MRO is very happy having an up-to-date book.
