Customer Reviews

Great merger of magic and sci-fi and has a well done but overused plot of Hero comes from Earth and saves their world. I gave it 5 stars up until the end of the first book. I hated how the first book ended and Aaron the main character pissed me off. The 2nd and 3rd books were good but I could never cheer on Aaron after that. If Sarah would have died I would probably give this 4 stars. I like a story where I can cheer on the main character and that was lost by the ending of book 1 but overall it was still worth reading.

An enjoyable romp in which an integration of magic and sci-fi weapons is carried out with reasonable self consistency. Primary characters well drawn and the plot development keeps you interested.

Very well written, enjoyed from the first page to the last. I would definitely recommend this series to my friends.

I enjoyed the mixture of fantasy and science fiction, the moral story being told, and the value of true friendships.

Wonderfully crafted story that mixes fantasy and sci fi. Pulled me in time and time again!

Well written, with very good characters. Story line was very good, can't wait to read the next book.

Really enjoyed this series. Look forward to reading other books from this author

Good read. Kept my interest through all 3 books.
