MY COMPREHENSIVE GOAL-SETTING GUIDE Set exciting goals and achieve them with this in-depth guide. This is the only goal-setting book you'll ever need! What readers like you say about this book: "Goal setting is a much covered subject with almost all personal development experts covering it, and some specializing in it. I was delighted to find that, not only could this book stand alone, it equaled and even surpassed some of the best titles on the subject." -Joe Barnes, founder of screwthesystemnow.com, and author of *Escape the System Now: The Ultimate Guide to a Life of Freedom and Greatness* "Thibaut does it again....priceless! Thank you. Recommended to all. EVERYONE can benefit from this book." - Karen Dye "All what you need about setting goals. You will find more than that. I have read some books about this topic and this one will be the last one. Stop looking and read this one then make actions." (from customer review).

HABITS THAT STICK Create powerful habits that will stick years down the road and change your life one day at a time. What readers like you say about this book: "You thought to translate this book into Spanish, I think it's a material that can change the lives of many people." - Jose M. "Hi Thibaut, I read your book "Habits that stick" and it is indeed a great book to read. You are an excellent writer and a story teller. The book is fun to read. Please don't stop writing...I am a fan and I look forward to reading many of your books." - Hassan What friends say: "It's really good like I could imagine this being a best seller." - Yasmeen A. "So far, I not only love this book, but it's exactly the right book for today! Thank you for writing this Thibaut! And for reminding me to read it today." - Skip S. "The structure of the book is fantastic and very effective. I can tell that you worked hard on it and really love what you do. And I'm not just saying that because I'm your friend!" - Gautier L.

PRODUCTIVITY BEAST Unleash your inner productivity beast and say goodbye to procrastination for good. What readers like you say about this book: "A thinking man's guide to increasing productivity, which presents straight forward and no-nonsense wisdom about how to become more productive in your life. I love how it helps you define what productivity should be for your own life, rather than telling you what productivity should be for all people." - Mark Richmond "This book is amazing, but I'm not surprised considering how much I enjoyed Thibaut's other book, his blog, and some of the articles he has on other websites. His writing style is personable and straight-forward, which is awesome. Because of that it's an entertaining read and doesn't get boring." - Alice Now, how

Customer Reviews

I've read many goal books over the years and most were pretty good but yours stands out from all the others and here is why. Where most books seem to focus on theory, and cheerleading, your goal setting book has practical ideas and instructions to follow. Sharing your personal experiences and advice gave me just the right amount of information and motivation to start working on my goal plan. Most books take you on a journey and talk about the wonderful paths of having goals, your book not only shows me the path but starts me down it, so I know I'm taking the right steps. I was so impressed with your book and excited about it, I've been reading and listening to it over and over. I told my son about it and he went out and bought the audiobook. I also bought your habit and productivity books. Now when is that productivity book going to have an

audiobook version so I can listen and learn from that as well?

This author keeps surprising me with his AMAZING work! I read the goal setting book before and I wanted to read the other two so I purchased this bundle. It's definitely worth every penny and the time you will spend reading these books. A MUST HAVE FOR EVERY SELF-HELP LIBRARY!!! Excellent source for managers/trainers who work with a sales team.

I read a lot of books on habits, productivity and goal setting. This book set itself apart because it is very easy to read and take action to see results quickly. I highly recommend this bundle.

I'm in sales and these book are helping me keep my team motivated.

French author Thibaut Meurisse lives in Japan working for the Japanese government as a coordinator of international relations. He is pursuing my MBA at Japan's leading university for economics in Tokyo. As he states on his website, "Chasing my dream took me thousands of miles from my hometown in France and required the mastery of both the English and Japanese language. When I look back at my life, I had no way to predict that I would be living in Japan, that I would do a MBA or that I would build a website about personal development! I realize that it is the unpredictability of life that make it all the more interesting. I am 100% focused on becoming the best version of myself as I commit my life to mastering the art of personal development." Thibault has written six books on self-improvement to date and here the reader benefits from three of his finest books "GOAL SETTING, HABITS THAT STICK, AND PRODUCTIVITY BEAST. The concept of combining these three particular books is a solid one in that they complement each other in the same goal to help us discover how to achieve success and happiness. The first book is GOAL SETTING: The Ultimate Guide to Achieving Goals that Truly Excite you and in this slender but cogent book Thibaut offers Why goal Setting is important, How to set goals, Strategic planning, and Understanding the rules of success - accompanied by well designed workbooks that can be downloaded to aid in the growth process. The next book is HABITS THAT STICK: The Ultimate Guide to Building Powerful Habits That Stick - Habits: What They are and Why They're So Hard to Implement, Bad Habits: What They Are and How to Get Rid of Them, and How to Implement Rock-Solid Habits That Really Stick- again with an available workbook. The third book is PRODUCTIVITY BEAST: An Unconventional Guide to Getting Things Done - The Definition of Productivity, Understanding the TRUE reasons you fail to be productive, Managing Your Energy,

Valuing Your Time, Thinking Differently, Prioritizing Efficiently, Focusing, Using the Power of Leverage, Creating an Environment That Supports Productivity, and Planning. Typical of Thibaut's method of coaching is evident in his statement that "true learning can come only from doing. You can learn all the theories and strategies you want about how to build a business, find the man or woman of your dreams, or launch a new career. But the reality is, you have no idea what you're talking about until you actually try it." And it is this degree of pragmatism that makes reading and implementing his books so productive. Grady Harp, February 17

This book is free on Kindle Unlimited.

Great series to read and I highly recommend it. The series contain a lot of good examples that I was able to relate to. Excellent work Thibaut and I look forward to reading more of your upcoming books.
