Age Range: 7 and up

Grade Level: 2 and up

Customer Reviews

September 11 Then and Now (True Books) – This is a fantastic book. It held my class' attention. After I read it to the class, they wanted to read it individually.

I purchased this to use with my first graders during my teaching around 9/11 and public safety workers. It has a little too much information for use with younger children, but I'm still happy to have added it to my library.

I order this for my neighbor who wanted a magazine about 9/11, that she was able to keep. thank you.

This text contains clear and concise information on the topic. It is a great text to use to discuss 9/11 but also to teach the characteristics of informational writing. Students continue to pick it up and read it daily.

Good price, great pictures and factual. Use with my 8th grade students.

Great book, arrived in a timely fashion as described. I would do business with these people again!! :)

Very Satisfied! Thank you!

I can't wait to use this book with my 3rd graders next year! I think it will give them even a lot more meaning to them since they hadn't been born yet on 9/11/01.
