Customer Reviews

"There is a lot in here to have fun with; a worthwhile addition to any papercrafter's keeper shelf."
— MyShelf.com "Everything you need to start quilling, from a detailed guide to techniques and tools, full colour step-by-step projects and handy templates to help you along the way."
— Papercraft Inspirations "From flowers to fairies, chocolates to frogs, the book contains plenty of ideas and techniques to equip crafters with the skills to create complex pieces."
— Craft Focus

Diane Boden-Crane is a freelance craft tutor who specializes in quilling. She won three first prizes at the International Festival of Quilling in 2002. Judy Cardinal is a papercrafts tutor. Jane Jenkins is a crafts tutor and quilling supply business owner. She is a founding member of the International Quilling Guild. Janet Wilson is an accomplished papercrafter and the author of "The Art of Metal and Wire," "The Craft of Quilling," and "Parchment Craft."

A bit too simplistic for what I was looking for. Excellent for beginners.

This is a great book for beginner or advanced quillers. The pictures are beautiful and instruction easy to follow.

Gift for my wife. She is new to quilling and this book is a real help to her. She thinks it's great.

This book has many interesting projects!

Very thorough book. Teaches basics and includes patterns.

I enjoy quilling and this book has some very nice patterns. The book was used but I thought it looked new. I have many quilling books and this one will be my favorite. The illustrations and directions are very clear.

very good book on the subject. With plenty to practice with.

I have learnt some technique from this book & recognized my quilling skill is up after completing some projects of the book. Some of the designs are quite simple but it turns to be nice if we combine small projects together. For me as a new to quilling, this book meets my expectation in term of difficult level & its designs.
