Customer Reviews

In this unique new series, Vine Books seeks to serve Christians who find themselves immersed in movements of spiritual renewal and revival, and who are seeking understanding of their experience.

The series also benefits Christians with longtime involvement in the Pentecostal or Charismatic movements and are looking for books to use as "refresher courses" or to share with others.

Beginner's Guides present basic teaching about cutting-edge topics and answers honest questions about subjects like prophecy, fasting, spiritual warfare and intercession. Anyone can read these informative and practical books with confidence, as they are developed from a nondenominational perspective, written in plain English and are jargon-free. --This text refers to an alternate Paperback edition.

The apostle Paul wrote, "There are varieties of gifts, but the same Spirit. . . . To each one is given the manifestation of the Spirit for the common good." (1 Cor.12:4,7). But what are these spiritual gifts? How do you know if you possess them? And, if you do, how do you use them? In *The Beginner's Guide to Spiritual Gifts*, Sam Storms will help you answer basic and foundational questions about the what, why and how of the unique gifts God gives to each of His

children. You will discover the purpose of spiritual gifts in the Church and learn how to identify your special mix of gifting. In addition, you will find out how the Holy Spirit uses the supernatural manifestation of gifts to demonstrate God's presence and power among His people. God has gifted you . . . now learn how to use His good gifts for His glory! --This text refers to an alternate Paperback edition.

If you're new to the gifts of the Spirit, (or not), this is a good book to read. Sam Storms makes a solid case for the continuation of the gifts and challenges a lot of the objections cessationists make (After reading books like this, it makes one wonder how people can embrace cessationism). He also does a good job of explaining what the different gifts are, their functions, and their importance. I especially liked the practicality and reasonableness with which he addressed this somewhat controversial subject. A good book to read and have in your library regarding spiritual matters.

Gotta Love Sam Storms. He is a trusted scholar and theologian. This book will challenge and shape your view of 1 Corinthians 12-14. It has helped me out a lot.

I found this book very insightful and even ordered Dr. Storms next book on the same subject because of it! Bill

Amen.

A very balanced approach to a very divisive subject. Sam holds a high view of scripture and makes that very evident in his book. As someone raised in a church that taught spiritual gifts, this book gave me a new and fresh perspective. So in my opinion this book is not just for the "beginner".

This book is written from a careful, charismatic perspective by a pastoral scholar. His definitions of the gifts are the best I have read as they are based on exegesis and careful reflection, and his discussion of the "revelatory" gifts operating under the authority of Scripture is helpful. Overall a very helpful book.

I'm very thankful to have been exposed to a Calvinist who firmly stands on continuationism. As a non-Calvinist, I appreciate very much the high view of Scripture in their studies and Pastor Sam does a phenomenal job of taking the Word at face value... what it says and what we should expect

out of the G-d Who never changes.

This book brings sound Biblical understanding to the gifts of the spirit backed by many scriptures. One of the best books I have read. This book should help bridge the gap between cessationists and continuationists.
