Learn the time-honored secrets of making moisturizing, skin-nourishing soaps with milk. Create this sought-after soap at home using the specialized yet simple techniques Casey Makela has developed in more than 15 years of soapmaking. With her in-depth instructions you'll learn to: * Make both vegetable- and tallow-based soaps using common ingredients and equipment* Create classic beauty soaps, like Milk-based Oatmeal and Peaches and Cream* Experiment with specialty soaps from the practical to the lush -- Nitty-Gritty to Romantic Rose* Name, package, and market your soaps to turn your hobby into a money-maker!

The experience and expertise Casey Makela has acquired through 15 years of making soaps is readily apparent in her book, Milk-Based Soaps. She is the owner of Killmaster Soap & Woolen Works, a gift shop and direct mail business. Besides raising dairy goats, Casey has written articles

for various animal husbandry periodicals. She resides in Harrisville, Michigan, with her husband and seven children.

I liked Caseys recipes but..it was almost tiring just reading her instructions,like...start with this pan,then put the mixture in that pan...then stir both pans at the same time.I make and mix my soap in one pan,it's really not that difficult.I agree with another reviewer who said it does'nt have to be a team effort.The best soapmaking book I have ever bought is "The Everything Soapmaking Book" by Alicia Grosso. This book has all the information you will ever need to make really beautiful handmade soap.

Love the recipes for making different soaps using milk.

Great book to have when you new at soaping period. I've taken my soaping to the next level with this book, good read and very helpful! I would recommend this book to anyone who is brand new to the soaping world or the advanced soaper looking to expand their knowledge and skills. :-)

This has been my favorite book on soap making so far

Very good book. Great price. Shipped quickly.

Awesome resource!

very good book for milk soaps.

On time delivery and item was as described. Thanks!
