## Customer Reviews

no wonder. sometimes when i'm talking to my grandma, i'll have to repeat myself maybe 4 or 5 times for her to hear me. well, honestly i knew she had hard hearing but at least this book gave me a better understanding of it. before, i used to only think that old people had hearing loss, but apparently, it's found in young children as well.. the steps that the book provides gave me some comfort in knowing that there were ways to preserve my hearing as well.. valuable information
