Sex, Voodoo And Other Oddities Stories From The Dominican Republic

Synopsis

This book is a hilarious travelogue about sex, voodoo (vodou) and other "taboos" that might be considered odd in other countries, but have become a part of normal daily life in the Dominican Republic. The Dominican Republic is one of the most fascinating islands in the Caribbean, in modern times famous for its sexotourism and all-inclusive resorts. My intention in writing this book is to share with you some of my experiences there, from funny to touching, including how I became an island expat there.

Very short story. Cute but pricey

As a frequent tourist to the Dominican Republic, this delightful booklet spells out the beautiful and enjoyable truth about our Caribbean neighbor island. Relax, and learn about the delightful culture difference as compared to our life here in the U. S. of A. Funny, well written descriptions of the island's customs and mores; enjoyable page turner.

This book was informative, funny, short and simple - all packed into a few pages! A super easy read, and definitely has me excited for our trip in a few days! I wrote the author with a follow up question, after finishing the book and he responded almost immediately! Thanks Mark - for your wit and insight!

This collection of insights into the people and culture of the Dominican Republic provides the reader with a personal look into some of the intricate social traditions and customs of this fascinating Caribbean Paradise. The series of personal narratives flow as easily as the gentle tides upon the island shore. Fun and informative, a must read for any traveler seeking the story behind the faces of the DR!

I enjoyed this book thoroughly! It's not often that we get a birds-eye view into the non-tourist world of destinations like the Dominican Republic. This look is quite humorous, and gives the reader a very good idea of what's in store for the expat who might like to try retirement there!

Dr. Wellbee does a masterful job of helping the Dominican traveler gain a feel for the psyche and spirit of the locals, without being judgemental. He does so with an economy of words seldom seen today. The book entertains while it informs, and is simply a delight for the eyes.

Not much about DR, and not very interesting inclusion about his jobs.

Very interesting, but a bit short, I'd expect more content in this book ...
