The Fire Engine Book (Little Golden Book)

Synopsis

Children will feel as though they are riding the big red fire engines and hearing the "clang, clang" of the bell! Large-scale, active pictures will transport young readers to the scene where they'll see brave firemen connect hoses and save the day.

Customer Reviews

Children will feel as though they're riding the big red fire engines and hearing the clang-clang of the bell! Active pictures transport young readers to the scene where brave firemen connect the hoses and save the day. This board book edition of the Little Golden Book, which has sold over 320,000 since 2001, is sure to be a hit. --This text refers to an out of print or unavailable edition of this title.

TIBOR GERGELY (1900-1978), who was born in Hungary and emigrated to the U.S. in 1939, brought to life some of Golden Books' most classic and beloved characters, including Tootle, Scuffy the Tugboat, and The Little Red Caboose. --This text refers to an out of print or unavailable edition of this title.

I wanted to get my 3 year old nephew books that my sister and I enjoyed as a child and these were the first that popped into my mind. I am very pleased that the quality of Little Golden Books is still

there! Looking forward to sharing this stories with him for years to come.

What a great story!! I probably read this book 10-15 times a day. My daughter and cousins love the book! The board book has thick pages so little hands cannot rip them.

We got this book when he was 18 months old and we've read it and read it and hid it and he found it and we read it and read it (you get the picture). We don't read it anymore. We open the book, he points at the fire alarm bell, says "Ding ding ding!" and he "reads" the book to us to the last "Hurray for the brave firemen!" There's lots to talk about in the pictures--even for adults (who knew that back in the day firemen would save actual stuff from fires?). Certainly one of my son's top 10 favorite books.

My son LOVES fire men, fire trucks, etc. If that is your child as well, you'll want to add this book to your home library!

Good product

My boy loves it!

I bought this for my four year old son for a stocking stuffer. The story is cute and he can sit through the story while being read to him. He moved fire trucks and I find him flipping through the pages on his own. Overall a good purchase and was a good price.

thanks
