This map is fine in bright daylight. However, the print is small and in a dark grey typeface, so it was impossible to use in the evening by streetlight--exactly when you'd be most in need of a map to help you home. Sights, museums, and such are listed only in German, which is something to consider if you don't speak German. This made it difficult On the plus side, the streets are all labelled (not the case with the map my travelling companion brought).

Love these pop up maps. Fits right in your pocket. Coated for protection. More travel info than just

the map. Perfect

Folds up to 3.75 by 5 inches, easily fits into a purse or pocket. When opened, it has 2 larger maps, 9.5 by 8 each.

Arrived in the mail on time and was very helpful to use.

Was really helpful when we visited Berlin. Held up to a lot of in-and-out of pockets and frantic opening on the street.

You need a magnifying glass to read it.

It was difficult to see the street names and many streets weren't noted on the map. Became a little frustrated. Ended up using a free map.

Great little pop up for travel in Berlin. I love the series and have used the maps on other occasions in other cities. Great when google maps is not available on your phone due to data roaming and charges.
