Heidi Schneider is currently studying medicine at Oregon Health Sciences University, with a strong commitment to community service. Her childhood was spent exploring the wilderness in and around Montana. Heidi continues to derive strength and spirituality from nature. Mary Skjelset appreciates the wild side of life. After graduating college she worked with an environmental organization in the Czech Republic.

Detailed hiking maps of Rainier National Park along with information on what is where. This is a great resource for people that are going to the area for the first time. We used it on our trip and was very helpful and resourceful.

Excellent short guide, exactly what we were looking for. The hikes we went on were accurately described in the book.

I really liked that Narada Falls hike. All downhill! All in all, this is a very useful guide book as its small and easy to take along.

A few details were wrong but generally very helpful to get to trailhead and know what to expect.

I carried this book in my day pack. More detail than the newspaper from the Visitor Center. We enjoyed our day hikes.

Good resource for folks who love the mountain but don't need to climb it

Helpful

nice trail guide
