Customer Reviews

This wasn't quite what I expected, but it does have a lot of good information in it, so we use both it and the hard back history book that I bought. It is good to use to find out what my daughter is learning, because it has a lot of questions to answer.

i am so thankful for this test book. it goes right along with the american history book, so as my daughter reads, she is better prepared by the test questiones asked in this textbook.

very good . as a gift to my colleague, All around good product and the customer service is awesome. it is recommend. so fast, receive it next day .
