In Wildest Africa: The Record Of Hunting And Exploration Trip Through Uganda, Victoria Nyanza, The Kilimanjaro Region And British East Africa ...

Synopsis

In 1908 Mr. MacQueen accompanied by famous adventurer and hunter Peter Dutkewich, traveled thru British East Africa, crossed the frontier into the German possessions, and climbed nearly to the summit of Kilimanjaro (being the first American to make the attempt), voyaged on the Victoria Nyanza, and skirted the southern part of Uganda to the fountains of the Nile' or the Ripon falls. To a disconnected narrative of his personal experiences he adds much historical and ethnographical information in regard to the country and its Inhabitants. On account of the great undeveloped natural wealth of Uganda he predicts for it a highly prosperous future, notwithstanding the present terrible plague of the sleeping-sickness.

Customer Reviews

Interesting descriptions of the majestic scenery, but also important as a reminder of how ill informed and racist the white colonialists were at this time.
