The Inspired Home: Interiors Of Deep Beauty

Synopsis

The Inspired Home: Interiors of Deep Beauty opens the door to twenty-five of the most beautiful homes in the world—ones owned by top interior designers, fashion designers, artists, and stylists—to reveal how simple principles borrowed from nature can inspire gorgeous, innovative interiors that both calm and embolden us. To create this unique volume, Karen Lehrman Bloch interviewed renowned aesthetes with homes all over the world, including interior designers Juan Montoya, Darryl Carter, and Vicente Wolf; fashion designers Donna Karan, Alberta Ferretti, and Consuelo Castiglioni; stylist Lori Goldstein; and artist Michele Oka Doner. The direct and practical advice featured inside, along with a wealth of extraordinary photographs of the homes, teaches us how to feel visually, understand color and texture, and find objects, new and used, with a sense of life. An inspired home, Bloch reveals, fulfills our physical and spiritual needs, provides an enduring sense of rejuvenation and pleasure, and is both easily attainable and timeless.

Customer Reviews

“The Inspired Home: Interiors of Deep Beauty sounds like yet another gorgeous coffee table book. But its author, Karen Lehrman Bloch, was determined to show homes that are not merely perfect; they also have a soul. (The New York Times) Bloch chose to separate the projects [in The Inspired Home] into such categories as Restraint, Poetry, Stillness and Reduction. In the “Balance” chapter, you’ll find [Donna] Karan’s home . . . a study in calmness and serenity - open, uncluttered spaces, simple furnishings, a restrained palette.

But dull itâ€”not.â€” (New York Post)â€”“The book looks at the dwellings of a variety of designers, artists, and stylists for whom the phrase â€œless is moreâ€” is a mantra at home.â€” (Women’s Wear Daily)â€”“Unique details and artifacts transform each of these interiors into a truly unique and beautiful oasis.â€” Lehrman Bloch explains how these professionals are evoking the most basic principles found in nature to create spaces that are as good for the soul as they are innovative.â€” (Luxury Interior Design Journal)â€”“What is the difference between a house that is merely pretty and one that speaks to the soul?â€” As Lehrman Bloch puts it, the secret lies in the ability to draw upon color, texture, and nature to imbue spaces and objects with imagination and meaning.â€” (Lonny Magazine)â€”“The Inspired Home is jam-packed full of stunning photography of some amazingly beautiful homes that I could spend hours drooling over.â€” [Karen Lehrman Bloch] advocates the use of natural elements to create a home that we feel comfortable and at peace in.â€” (The Fantasy Decorator)â€”“Every once in a while the fruits of an authorâ€”s labor brings forth a uniquely substantive and fresh approach to how we view and, therefore, interpret interior design Karen Lehrman Bloch has achieved this in her newly released book The Inspired Home.â€” (C. J. Dellatore)â€”“[Karen Lehrman Bloch] has a certain and constant focusâ€”and with this new book she presents her ideas of authentic, uplifting, elegant, and enduring beauty.â€” (The Style Saloniste)

Karen Lehrman Bloch is a cultural critic, a curator, and the director of Grafix Books, a producer of high-end books on art, design, and style. Founder of the online gallery Studio Deep Beauty, she contributed the Introduction toâ€” A La Formentera: The Woodland Refuge of Juan Montoya.â€” andâ€” is the author ofâ€” The Lipstick Proviso: Women, Sex & Power in the Real World. Her essays and commentary have appeared in The New York Times, The New Republic,â€” The Wall Street Journal, Slate, Vogue, Harper’s Bazaar, Art + Auction, and Metropolis.

This book is special: The photography speaks a thousand words in illustrating simplicity in interior design, and the descriptions confirm the visuals—I highly recommend this book to those whom regard minimalist aesthetics as their go to preference—I first encountered this text at an outlet store—I made a mental note to procure it so as to have a visual paradigm by which to guide my home furnishing arrangements—I am happy that carried this book in stock! If simplicity provides you peace, then this is your book of choice.

Great inspiration for the minimalist tropical house we were building. I look at it often.

I enjoyed the writing more than the actual spaces featured. I thought the philosophy of design is right on, but that many of the spaces featured did not match the editorial, they felt contrived and uncomfortable to actually live in.

I thought this book would be more Zen like but it's more like a gray day that looks like it's going to rain. I think there are other books that I might have liked better than this one. I passed this on to a friend.

lovely shelter book. I only wish that there had been more interiors of more individuality by real homeowners instead of designers.

Interiors are nice, but photography is lackluster and writing is gibberish.

This is a great book for designers and home-owners alike. It is beautifully curated and full of amazing images of the interiors of some of design's most illustrious personalities. Lehrman Bloch does a wonderful job of evoking emotion and inspiration in her writing, and the book's journey is fluid and well-thought out. It is great to read about how Donna Karan's thoughts on design impact her creative world and personal space. Overall I would recommend this book as a wonderful and quick read, a beautiful coffee table or bookshelf addition, or a thoughtful gift for friends and family.

A beautifully written book about the elements of living in one's home with personal style. The simple elegance of the photographs mirror the prose. Karen Lehrman Bloch has a deep respect for her readers, bringing us along as she opens us up to the possibilities of being at home. I have given *The Inspired Home* as a hostess gift on several occasions. And, I've recommended it to those I know who appreciate the interiors, as well as the thoughtfulness of the writing. I highly recommend it.
