Harry Potter And The Chamber Of Secrets (Book 2 Audio CD)

Synopsis

In one of the most hotly anticipated sequel in memory, J.K. Rowling takes up where she left off with Harry's second year at the Hogwarts School of Witchcraft and Wizardry. Old friends and new torments abound, including a spirit named Moaning Myrtle who haunts the girls' bathroom, an outrageously conceited professor, Gilderoy Lockheart, and a mysterious force that turns Hogwarts students to stone. --This text refers to the Hardcover edition.

Grade Level: 4 - 7

Customer Reviews

It's hard to fall in love with an earnest, appealing young hero like Harry Potter and then to watch helplessly as he steps into terrible danger! And in J.K. Rowling's Harry Potter and the Chamber of Secrets, the much anticipated sequel to the award-winning Harry Potter and the Sorcerer's Stone, he is in terrible danger indeed. As if it's not bad enough that after a long summer with the horrid Dursleys he is thwarted in his attempts to hop the train to the Hogwarts School of Witchcraft and Wizardry to begin his second year. But when his only transportation option is a magical flying car, it is just his luck to crash into a valuable (but clearly vexed) Whomping Willow. Still, all this seems like a day in the park compared to what happens that fall within the haunted halls of Hogwarts. Chilling, malevolent voices whisper from the walls only to Harry, and it seems certain that his classmate Draco Malfoy is out to get him. Soon it's not just Harry who is worried about survival, as dreadful

things begin to happen at Hogwarts. The mysteriously gleaming, foot-high words on the wall proclaim, "The Chamber of Secrets Has Been Opened. Enemies of the Heir, Beware." But what exactly does it mean? Harry, Hermione, and Ron do everything that is wizardly possible--including risking their own lives--to solve this 50-year-old, seemingly deadly mystery. This deliciously suspenseful novel is every bit as gripping, imaginative, and creepy as the first; familiar student concerns--fierce rivalry, blush-inducing crushes, pedantic professors--seamlessly intertwine with the bizarre, horrific, fantastical, or just plain funny. Once again, Rowling writes with a combination of wit, whimsy, and a touch of the macabre that will leave readers young and old desperate for the next installment. (Ages 9 and older) --Karin Snelson --This text refers to the Hardcover edition.

Grade 3-8-Fans of the phenomenally popular Harry Potter and the Sorcerer's Stone (Scholastic, 1998) won't be disappointed when they rejoin Harry, now on break after finishing his first year at Hogwarts School of Witchcraft and Wizardry. Reluctantly spending the summer with the Dursleys, his mean relatives who fear and detest magic, Harry is soon whisked away by his friends Ron, Fred, and George Weasley, who appear at his window in a flying Ford Anglia to take him away to enjoy the rest of the holidays with their very wizardly family. Things don't go as well, though, when the school term begins. Someone, or something, is (literally) petrifying Hogwarts' residents one by one and leaving threatening messages referring to a Chamber of Secrets and an heir of Slytherin. Somehow, Harry is often around when the attacks happen and he is soon suspected of being the perpetrator. The climax has Harry looking very much like Indiana Jones, battling a giant serpent in the depths of the awesome and terrible Chamber of Secrets. Along with most of the teachers and students introduced in the previous book, Draco Malfoy has returned for his second year and is more despicable than ever. The novel is marked throughout by the same sly and sophisticated humor found in the first book, along with inventive, new, matter-of-fact uses of magic that will once again have readers longing to emulate Harry and his wizard friends. Susan L. Rogers, Chestnut Hill Academy, PA Copyright 1999 Reed Business Information, Inc. --This text refers to the Hardcover edition.

I was disappointed to see that entire words were missing through out some of the books which made it difficult to read in some areas. By the time I reached those points in the books it was too late for a refund. There is more than this one page that had faded words, but this is the only picture I took to show as an example. I suggest going through all of the books to make sure nothing like this has happened to you

The book arrived in timely fashion and was as described.

My son needed his own set of Harry Potter Books, he loves this series.

One of the better entries in the Harry Potter series. All of them are good, this one stands above most of the other (with the exception of the half blood prince in my opinion). It's a great long read with lots of action, story line and a great plot development.

I LOVE HARRY POTTER!!! WOOHOOO!!! I'M so happy I finally finished this book! I liked it very much. It only took me a lot of time to read it cause I never really liked the second of this series or any series. I finished it this morning in the bus and I just felt like I wanted to scream that I WAS FINISHED!!!OK. Let's talk serious about this book now. ***SPOILER ALERT*** (even if everyone already read the book or saw the movie, like daw)-Professor Lockhart really got me on my nerves the whole freaking book! I'm so glad that ass lost him memory! He's so stupid and I am so mad at him that he stole all his stories from other wizards adventures. He's a coward!-I would not like to go to a school full of petrified people getting attacked and killed. But it's worth it if your going to Hogwarts and that Harry Potter is there to save the day :P-I love the character Dobby!! But, I'm mad at him from trying to save Harry Potter with the Budger (if we write it like that) or the letters that he stole... I just love when Harry says "Just please don't try to save me again", but we all know that that won't happen :(I pity Dobby, I think that he's just so cute and deserves to be free (well now he is and I'm glad about it).-I was suspecting Dobby or professor Lockhart all along for the air of Sliterin. I thought that maybe Dobby was helping his master(Lucius) that wants that Harry Potter dies by being killed by Voldemort. (cause you know, Lucius works for Voldy). But, Dobby was only warning Harry that he might be killed by Voldemort on his second year at Hogwarts.-Well I can't think of anything else that you don't already know so.. yaGoodnight people of the world

I just turned 30, but I absolutely ate up the first four Harry Potter books! They brought back great Narnia and Wizard of Oz memories from my childhood. The stories and characters were complicated, rich and just plain fun enough that even "old" me loved them!! realize I'm not telling you anything you haven't heard before, but I wanted to add my two cents and say that Harry Potter is a modern classic. I'm positive my *grandchildren* will be reading these books alongside the Narnia and Oz books, and loving them. I don't doubt for a moment that I too will enjoy dusting them

off in the years to come and taking a mental spin with Harry on his Firebolt at Hogwart's -- even when I'm an old granny.

You don't have to be a kid to get into the Harry Potter craze. After reading the first two of the series, I'm likely to read the rest. Rowling captures the concerns of children and adults everywhere-the desire to be wanted and accepted, to feel safe, to be appreciated, have good friends, to learn and have adventures. The characters are distinct, memorable, and charming in original ways. I love the all-flavor beans, the Quidditch matches, Dobby's self-punishing behavior, and polyjuice potion. Very entertaining. A nice change from what I usually read. ~Joan Mazza, author of DREAM BACK YOUR LIFE and DREAMING YOUR REAL SELF

Harry Potter and the Chamber of Secrets is the second novel in the Harry Potter series. I grew up reading this series and fell in love with it. I lost a few books out of my set, and ordered the ones I was missing off . My book arrived in good condition; it was a paperback copy. I purchased it used, and I was happy with the condition of the book. In this book The Chamber of Secrets gets opened and attacks start happening on the students in school. Harry, Ron, and Hermione spend the book trying to find out who is behind these attacks while attending their second year at Hogwarts School of Witchcraft and Wizardry. I enjoyed this book as a young adult and I enjoy it still. I don't want to give away any spoilers so I won't go too much into the summary of the book. The book is very well written, and being only 251 pages it didn't take long for me to finish. Once I started I didn't want to put it down, and thoroughly enjoyed the twists and surprises in this book. JKR is an amazing, author and person, too.
