Traditional Old English (British) Recipes

Synopsis

Thank you for your support. Traditional Old English (British) Recipes main purpose of this little cookbook is to raise money for Charity - the Cancer Society. As a Brit transplanted in Canada, my spirit will always reach back to my roots. That is where Traditional English Recipes has played a huge role in our life. While these few recipes may be straightforward and simple, they are delicious. From Christmas Pudding to Fish & Chips, main courses to desserts and everything in between. YES, they are plain, YES there are only a few basic recipes but with a little imagination, you too can make them your own! Get creative...that is what we all love to do. As cooks, we thrive on doing that in our kitchens! This little cookbook (as with all my subsequent books) has a special purpose. It is to make a difference. It is to raise money for charity. There are several charities that have a special place in my heart. Each book that I write will go to different organizations that rely on our help to succeed. That is why a portion of the proceeds from my "cook books" are going to be donated to the Cancer Society, my Natural Dog Biscuit Recipe Books (coming soon) will make a donation to Humane Societies and Shelters, etc. What will you get out of it? I hope a recipe or two that you can make your own, and the satisfaction you made a difference...for that I thank you. Thank you kindly for your support.

Customer Reviews

What a waste of time and money. This book could've been printed on one sheet of paper, but it somehow filled out "34 pages" by using excessive margins and double spacing. Seriously - 16 recipes in this "book" and half are slight variations of another one. Huge disappointment. I could've found all of these recipes online. I feel like this was a project done for a middle school home economics class.

The few recipes are in it are quite ordinary, but good; however, it is not what I expected and I am disappointed. I thought I was getting a "cookbook", instead I got a booklet with 16 recipes in it. Certainly not worth what I paid for it. Ms. Thomas-Smith should be a little more honest in the advertising and lower the price if this is all she has to offer.

16 very basic recipes. The other 16 pages are just metric conversions and disclaimers from the author (I use this term lightly). Nothing dynamic about this at all. Don't bother.

Instead of a cookbook, this is more like a pamphlet on how to cook sweets. There are three recipes on how to cook traditional meals, the rest is not worth reading. There are other British cook books on that have many recipes, and are 7 times cheaper than this one. This did not even mention Cornish Pasties, Yorkshire Pudding, or Lancashire Hot Pot, but it did have fish and chips. Wow.

Highly overpriced tiny book. Not what was expected or what I thought was implied. I would have dealt with it but recipes gave little instruction aside from the ingredients. I wish I read more reviews since others have said the same. This book should be priced for 99 cents.

Anyone interested in British recipes will surely want to grab a copy of this book! Each recipe is easy to follow; however, if something is confusing a nifty conversion chart is found at the end of the book! So if you are looking for a Christmas cake or an Irish stew, this book is for you! Happy cooking!

Waste of money! Only a few simple recipes that can be found anywhere.

I'm disappointed. I expected a BOOK but it's more like a pamphlet. I guess maybe it's my fault some

did not read the whole description of the item .Although the recipes are nice and it does have some useful charts in the back it's only about 15 recipes/33 pages what I did get I enjoyed just thought it would be bigger. If I had realized it was not a book I probably would not have ordered,and Please ,this review in no way means to be disrespectful to the author.
