# **Weird Cars: A Compilation Of 77 Avant Garde Silly, Slow, Experimental, Failed, Rare, Ridiculous, Revolutionary, Obsolete, Obscure, Idiotic, And X-rated Machines**

## Synopsis

You know cars. You know why Ferrari lost to Ford at Le Mans. You know that the Volkswagen Beetle was designed by Ferdinand Porsche. You know there's nothing in common between rolling coal and Walter Röhrl. You can explain camber and draw a camshaft. You blip the throttle on downshifts and apex highway ramps. But sometimes, strange things happen. Designs emerge. Tastes change. Economies collapse. Companies merge. Racing selects the winners. Weird cars are interesting because they're different. Because sometimes the world wasn't ready and sometimes because people don't want to buy a Ferrari with no doors. From a royal car named after a nuclear bomb test to an SUV known by its exhaust pipes, *Weird Cars* is a collection of misfits thrown together simply because they don't belong anywhere else.

## Customer Reviews

Not exactly what I expected. I thought it would be more interesting. The cars mentioned are pretty odd but the book itself is not written dynamically and is more like a weird car text book in its "just the facts" style. A little dry but informative.

As a reader of Michael's daily newsletter this book is exactly what I want. I strongly recommend it for anyone that is even remotely interested in cars.

As a fan of Michael Banovsky's Car of the Day, I couldn't pass up Weird Cars. It's a great collection of some of the wildest things ever to hit the road. If you love cars, you owe it to yourself to get this volume (and to subscribe to and support Michael's Car of the Day email list).

I thoroughly enjoyed reading Weird Cars. Interesting cars and great writing. Looking forward to the next one.

I subscribe to the author's Car Of The Day newsletter, which is how I heard about this book. I like the author's writing style and his knowledge of cars. I've been impressed with how much obscure info he has.

Gave them as gifts. Seemed like a winner.

Crazy cars, good descriptions. GFood-read :D

Great coffee table book, easy to read on the go
