Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. It has an excellent series of maps covering Canada.

I bought this map to use during my Canadian Rocky vacation through Banff National Park. The more I began to use the map, the more that it tore where it was folded and fell apart. The quality of the paper is extremely poor. Also, some of the lakes and other sights that we wanted to see were not listed on the map and we ended up using the information given to us by the Alberta Visitor's Bureau which was much more complete. This also is true of the Jasper National Park map that I purchased as well. Save your money!
