Arrived in great condition, exactly as advertised.

This book provides more than just the flavor and attitudes of what it means to be Toreador but provides substance as well. You will find in here thier history and attidues. Beyond that you will find new merits and flaws, an excellent system for creating and critiquing art, high level disciplines. The sample characters show that there's more to a Toreador than prissy artiste and possuers with thier noses in the air.

Sadly, too many people can't begin to imagine where the power of the Toreador clan comes from. This book is not helpful to those unable to see how this underestimated clan could grow to be one of the most powerful among all of them. Instead, it discusses the art world and invents a way to create art through dice rolls. They even forgot to include Clan Attitudes towards other clans. All in all, a sad

attempt to clarify the clan, not helpful to those who already enjoy the Toreador and uninteresting to those not bright enough to appreciate them without aid.

Do you know what it means to be an outstanding artist? Do you REALLY know what Vampire means? Well, take a look at this book and let their passion dance in your mind. Piece of art, I tell you. I love it. GC.

Wanna see a truly useless vampire ? Wanna see someone so self-loving and blind they won't even notice when you diablerize'em ? Wanna have a good laugh ? Look at a Toreador vampire ! Useless creatures, forever lost in their pride and love for art. I can see a good picture and enjoy it - for a second or two. I won't sit in the Louvre for nights and nights looking at the same painting, eventually either masturbating on it or stealing it (and then do the former). the Marquis, vampire hunter and leech himself

This book is a must by for all you Vampire the Masquerade players out there who just enjoy annoying the other players with cruel comments about thier taste in clothing and such!
