Customer Reviews

Good book for first timers to Vienna who need the basics. Vienna should be consumed over multiple days to avoid being overwhelmed.

The information in this book is great. Very thorough. The main problem I had was that the book was not properly formatted for Kindle so most of the tables of information and pricing hung off the side of the page and couldn't be seen.

The item I bought from this seller arrived on time and in perfect condition. It was exactly as it was described. I'm perfectly satisfied with my purchase and the level of service provided, so I highly recommend this seller.
