Highland Thunder (Isle Of Mull Series Book 2)

Synopsis

Isle of Mull, Scotland 1296A STORM IS COMING...Although she faces tragic loss, Brenna will never succumb to grief or fear, nor will she surrender to the one man she despises--the very man who now has the power to control her destiny. Like the storms that rage unchecked over the moors, her fury is about to be unleashed.A HIDDEN LOVE...He does not look at her or speak to her, and most importantly, he does not touch her. These are the rules Duncan set for himself long ago to ensure his affection for his best friend's wife remained undetected. But under the weight of a land besieged by war, the walls he erected to shield his heart crumble.If he can earn her trust, the one woman he has always loved may at last be his. But first he must save what he cherishes most from a nightmare of dark secrets.

Customer Reviews

I've read this story twice, I purchased it long ago as a separate book, and then read it again in the bundle Isle of Mull. This is book 2 of the series, and my favorite.It had more meaning when I reread it a second time after reading book 1 of the series. So for me, it would be better to start with the whole series, because their are cross over character's and it will make the journey and discovering

the personalities more fulfilling. But, after saying that, when I read book 2 I wasn't lost reading it before the others. There is such a strong connection with not only our H/h but the whole clan. My heart ached how the author starts out this book with Ewan and Duncan and what transpires. Since I felt for our main couple from the beginning, when they do make love it is with passion and just mildly descriptive. The romance certainly has many ups and downs, but when it does start to hit them, it is like a snowball on top of hill getting momentum and building as it descends. Oh, how I loved it. The author makes you feel what they are going through. I've read many books by this author, and she is a favorite of mine. I highly recommend not only this book, but the series. We do get HEA, suspense, some answered questions from book 1 (which doesn't end in a cliffhanger, just a question how the daughter came to be). And a twist I didn't see coming at all. This doesn't end in a cliffhanger either. (ljb)

This is a great beginning for this author. The book is well written, great story and true to great highland history and strong men and women from that era. I love the twists with norella and Duncan. The great thing with with series is the growth of the character's from one book to the next and that was done very well in this story. Highly recommended if u love highlands and strong character's with a great story.

Of the first book in the series. I have a hard time reviewing these books because to me, they are more quick diversions and time passers than anything that I would sink my teeth into. But I know how I appreciate knowing what other people thought, so I'm trying to do my part. So. This book. It used to be, when I was a wee lass myself, that me mum (okay I'm done now...) would laugh at books she called "heaving bosom books." I grew up poking fun at romance novels that could, realistically, have some version of Fabio or Kevin Sorbo on the cover. It wasn't until many years later, when I was going through a time in my life where I was single and bored at home alone on a Friday night (I promise I'm not a loser!! Haaaaa) that I came to appreciate books that I could read without investing a ton of time, thought, or emotional attachment, and that also threw in a good ole' dose of sexay, strapping dudes and...wait for it...heaving bosoms. This is one of those books. And yes, I just read it recently, and I am by no means any longer single. But the fact remains that sometimes, single or not, you just want a quick, easy, fun read and a reminder that if you're like me (read: hopeless romantic), your faith in a storybook romance is restored. So. For the price, it's worth it. It's fun, it's simple, doesn't delve too far into things, and the author describes old world Scotland with color and beauty. I think I liked the book more for the backdrop setting that she painted than the

story itself. I'm glad I bought it, and I imagine I will re-read the book at some point if I need something quick to divert me from my real life of busy partners, busier toddlers, and the never ending list of chores that await me on a daily basis!!

What a charming story. A prince of a Highlander who has loved his best friend's wife from afar for 7 long years. He has always treated her with disdain, knowing that if he treated her differently, everyone would suspect the love he felt for her since the first moment he laid eyes on her. His guilt, and the dishonor he felt for having such feelings only become more complicated as the story progresses. What does an honorable man do, when his heart doesn't follow his conscience. Luckily, all works out for the best, and we enjoy a happily ever after. It is a simple tale, told well. The physical relationship is tender, and not erotic (which I personally prefer).

I like romantic books about Scottish warriors. This one had a good story line and was fairly well written. It was easy to get involved with the plot, however, I did not give it 5-stars because some of the story line (to me) seemed a little stretched. However, it was a good tale. I did read it to the end, and I would recommend it to others.

I did not think the 2nd book could be as good as the first. But it IS. There is history, romance, and drama. I think I will share a bit of the intrigue in the book that a reader would find read-worthy" One of my favorite parts of the book is: "What is your name?" he whispered. "Davina," she replied. He took her there on the mountain and she cried out in his arms while she found her pleasure. Darkness invaded her eyes. His dagger gleamed in her fist. A glance back sent shivers down his spine, as he glimpsed the hunger of madness in her eyes."It only gets better from there.

Wow, what a great story by Lily Baldwin. A story of Duncan who has hidden his love for his best friend's wife Brenna. When her husband is killed saving Duncan, he promises to protect and care for Brenna and their daughter Nellore. What a great battle of two headstrong people. Brenna has always thought Duncan hated her because of the way he treats her and Duncan has always been cold and indifferent to cover his love for her. Add in the secret concerning Brenna's daughter Nellore, it makes for a super great story. Also weaved in the story are hero and heroine of the first book in the series "To Bewitch a Highlander" Ronan & Shoney. Thank you Lily for the great book.

This new author is wonderful. For a first time author she is already one of the best I have read this year. I absolutely loved this story of Duncan, who has loved Breana for the last seven years. Her husband, Duncan's best friend is killed in battle. Before he dies he ask Duncan to take care of her. I definitely recommend this story.
