Customer Reviews

Really enjoying this Southern Living book...full of good ideas for decorating as well as great recipes. I plan to use when getting my home ready for the home tour this year.

I started my collection in 1995 and I was missing 1998--who knows what was happening that year--so glad to have found this one to complete my collection 1995-2012. Now I will go backwards

I first checked this book out from the local library and picked out a few recipes to try for Thanksgiving prior to the Christmas holiday parties. I also took it to my mother for her to look at. She began writing down page numbers of recipes she wanted copies of too. After trying several of the recipes, which for the most part, were very easy, I decided I wanted this book in my home for year round entertaining. The craft and decorating ideas are also wonderful. I especially liked the tomato cage Christmas trees. It was simple to make and when I showed my friends they couldn't believe it--you have to see the pictures in the book to appreciate how simple and elegant they are and so

inexpensive to make. For your holiday entertaining I strongly recommend this beautiful book.

Item just as described fast shipping. Will shop again.

Had read this cookbook while visiting my mom, and loved the recipes and decor suggestions. Was so happy to come home and find it on , at a great price! Will be using the book a lot this holiday season!
