The Book Of Indian Crafts And Indian Lore: The Perfect Guide To Creating Your Own Indian-Style Artifacts

Synopsis

A fascinating introduction to a variety of Native American projects and history! Learn everything there is to know about Indian crafts and lore. Julian Harris Salomon takes you on a breathtaking journey of Native American customs and traditions. Originally published in 1928, this book is filled with dozens of illustrations portraying Indian art that will help you learn about traditional creations and customs. See why camp directors and leaders of Boy Scouts and Girl Scouts look to Indian lore to enrich their programs in handicrafts, ceremonial studies, and geography. Some of the many projects featured include: Crafting eagle-feather bonnets Building campfires Making bow and arrows Constructing tipis and wigwams Adults and children alike will learn about the history behind each and every project. Why are dance ceremonies an integral part of Native American culture? Why did the Indians prefer using a bow and arrows for survival in an age when muskets were the norm? Explore the numerous methods and instructions for an assortment of games and sports, such as lacrosse, football race, and toss and catch. These particular games and dances weren't just for entertainment; they were also performed to avert disaster, heal the sick, and summon rain. The Book of Indian Crafts and Indian Lore isn't just an instructional piece, but an anthropologist's companion. It is a book of wonder containing valuable research and information you won't find anywhere else.

Customer Reviews

Written for cub scouts or whatever, it tells what it was (dimensions of arrows, bow, etc) how it was made once, and how with today's materials you can make it today (with instructions).

AS decribed

wonderful

I would highly recommend this book for the content and "down-to-earth" wisdom in its pages. It is an older book, so it is written in a style you don't find much anymore, but that's a big part of its charm... it is just SO full of information. Many time-period projects, crafts, lore, even a great section on many tribes' languages and specific words. A must for anyone interested in studying to learn more about Native Americans, even though it is a bit dated.

ok
