Dude, You're Gonna Be A Dad!: How To Get (Both Of You) Through The Next 9 Months

Synopsis

There are approximately 3,712 ways for a guy to look stupid during pregnancy - this book's here to help you avoid all(most) of them. And here's your first hint: Focus on what you can be doing for her rather than what's happening to her. She's pregnant. She knows that. You know that. And her 152 baby books tell her exactly what she can expect. Your job is to learn what you can do between the stick turning blue and the drive to the delivery room to make the next nine months go as smoothly as possible. That's where John Pfeiffer steps in. Like any good coach, he's been through it. He's dealt with the morning sickness and doctor visits, painting the baby's nursery and packing the overnight bag, choosing a name, hospital, and the color of the car-seat cover. All the while he remained positive and responsive - there with a "You're beautiful" when necessary - but assertive during the decision-making process (he didn't want to wind up with a kid named Percy). And now it's your turn. She might be having the baby, but you have plenty of responsibilities.

Book Information

Paperback: 224 pages

Publisher: Adams Media (April 18, 2011)

Language: English

ISBN-10: 1440505365

ISBN-13: 978-1440505362

Product Dimensions: 5.5 x 0.6 x 8.5 inches

Customer Reviews

"Pfeiffer's goal with the book is to...provide some relief to the growing pains that are so familiar to experienced dads. If you are willing to give the effort, you can become your child's favorite superhero. Isn't that what we all wanted to be when we grew up? Here is your chance."
--NewParent.com "New fathers looking for a friend along the way may enjoy the new book Dude, You're a Dad!" --Deseret News "Full of practical advice for new dads-to-be, Dude, You're Gonna Be a Dad by John Pfeiffer is an absolute page turner...and I'm neither pregnant, or a man. I absolutely loved it." --WeGotKidz.com "Very readable and well-organized, walking new

dads through all the minefields from the first visit to the OB/GYN all the way through the big day and beyond." --GreatDad.com

John Pfeiffer is a married father of three. With a stepdaughter, a naturally conceived daughter, and a baby by way of a threesome (with an IVF specialist), Pfeiffer is especially qualified to take expectant dads all the way through pregnancy's home stretch. He lives with his wife and kids in Georgia.

This book is awful. Seriously, save yourself the money. Instead, find a drunken frat buddy -- ideally one who is a failed comic. If they're childless, the advice will be on-par with this book. If they have a kid, then you actually might come out ahead. Either way, at least you'll be drunk. This book makes every stupid cliché joke you can think of. Worst of all, it imparts little-to-no useful information. Unsatisfied, I looked around for another book, and found "The Expectant Father: Facts, Tips, and Advice for Dads-to-Be." I'm about 1/3 of the way in, but I've already learned more than I did from the entirety of the "Dude!" book. Seriously, I read the entire thing. Learn from my pain. Do not buy this book.

Nice attempt at taking the anxiety out of expectant dad's preview of dad-hood..but not very informative. Read the whole book, learned more in an hour of google searching.

Practical advice for future fathers who have never been there before! I have children from a previous marriage, now that my fiancée and I are trying for our own child, I decided to buy this as part of the announcement gift that I am giving him for when I am actually pregnant.

Good for first time dads! I hope that my granddaughter's fiancé will get the drift and try to understand what he is reading!!

This book has little to NO information that my husband was able to take and transfer to our real life pregnancy. It literally is a tiny book full of some sporty dads opinions and jokes about mom-to-be's libido and mood swings. My husband didn't finish it, and instead picked up my copy of "What to Expect when Expecting"- which he also recommended to a friend who recently found out that they were expecting. DON'T BUY THIS BOOK.

A few fun ideas for completely clueless dads to be but not anything you couldn't figure out in 5 minutes with a search engine.

This book lacks any real advice. It tries to be more funny than anything. Such a gimmick. I don't need a book to tell me how to be a father.

Lame book. Tries too hard to be funny. Not enough useful information. dont waste your time or money
