This calendar is very reliable. It doesn't post on my phone, but it always includes all 31 days in September and allocates days from February to make up for it. When I write on it with a pen, it stays and the designs are very pretty. Nice paper too

Gorgeous photos and nice large squares. The recipes on the calendar look great also. Can't wait to try some of them!

beautiful images

I was so taken with the photography I had to have it. Calendar art really IS art, much of the time.

This is our second Simply Raw calendar, since we loved the 2016 one so much! These photos are gorgeous. I love the information about different holidays. It's got more interesting things than a typical calendar. I love it!

get this every year at whole foods, but they ran out....i love the photography and the calender has space to write school stuff in

The photography is sharp and crystal clear. Looks beautiful and very classy on my kitchen wall. So happy I purchased it.

Simple. Elegant. Unique. Goes with any decor. Photography is excellent and pictures are "frameworthy."
