Make your sexual relationship the fulfilling experience God meant it to be
God gave humankind the gift of sex. But many couples don't experience the kind of joy and fulfillment God intended. If you've ever been frustrated with a lack of intimacy in your marriage, or if you just want to know more about how you can get the most out of your relationship, *Intended for Pleasure* is for you. This honest and frank resource will answer your questions about sex and sexuality, improving sexual response, sex techniques for pregnancy, birth control, sex at any age, solutions for sexual problems, and much more. All of the questions you've been afraid to ask (or didn't even know to ask!) are answered right here.

Growing up in a family that didn't talk about sex and school didn't provide the medical/scientific explanation, this was a helpful read in preparation for the wedding night

A great read and great information on an important topic. A really sweet heart for God's Word is throughout this book.

A must read, especially for the married. Get another perspective and the science behind sex! I will reread

The thorough writing of a text book, the reverence of a fine homily, and the beauty of creation as God intended. So excited to get married. So grateful for the Wheats' book. The way they treat this subject leads you to worship God more.

This is a great bridal shower gift.

This is an easy read with information I believe can resurrect sex in marriage and draw couples in a closer relationship with the one who created sex. It is a good start for those who are contemplating marriage.

Such a helpful source for the more naive young adult. Answers so many questions for the engaged couple. Don't tactfully and clinically.

I've learned and retained a lot of knowledge from This book. It has been vital to reconciliation with my husband. I hope we can reconcile. And when he is ready I am a new found believer in intimacy with him.
