## **Customer Reviews**

I like this set so much. I love the clean eating and healthy habits that we have been able to establish with this set. Using the pressure cooker takes so much less time than using the pots and pans on the stovetop. so not only is it healthy it's fast as well. I originally got this set because we were in a food funk and I seemed to make the exact same things every week or every month. My kids as well as my husband were starting to get bored with the selections I was preparing so I just wanted new and fresh ideas. Most of what I have cooked have gotten great reviews from the family and the kids have asked for seconds and even sometimes thirds. Which, if you have kids, is a huge deal. SO SO

SO Thankful that I came across this set

I bought a cookbook because I wanted a cookbook. I have no need for a real estate book, a chess book, a survival book, or any of the many other useless ebooks that were tacked onto the end of what I bought. Only 20% of the ebook was what I bought. The other 80% was wasted space. I deleted this space waster from my Kindle.

This is a great recipe box set! I got this because I want to cook various recipes for my family for every day living. I am glad to have purchased this book. There are lots of menus and they are all easy to do. The instructions are well written and comprehensive so I didn't had the difficulty to do some of them. It is all worth it!

One of the best box set that offers great recipes for the planning. Good diet will help us live a healthy lifestyle. This is an ultimate guide.
