Salvation (The Guardian Angel Series Book 3)

Synopsis

In the aftermath of a battle that forced Ruby to flee the safety of the guardian angels, she settles into a small town, hoping to blend in and forget about the ones she loved. It isn't until Hunter stumbles across her working in a bar and a well-timed email from Ivan Aleksandrov that she realised she could go back to Sage Sanctum "for a few days, at least. Out for revenge, Lucian will stop at nothing until he has Ruby for himself, but he isn't the only one that needs her. The council, a group of gods/goddesses have a mysterious hand in Ruby's return to Sage Sanctum and Mr Aleksandrov is eager to find out what it is. Destroying Lucian is the least of her worries when Ruby comes face to face with Eli De Luca, the love of her life. It seems her departure has affected him more than she thought it would, but his frustration with her isn't strong enough to hide the electricity that crackles relentlessly between them. Determined to end her very real nightmare once and for all, Ruby fights the biggest battle of her life, one that affects not only her, but everyone involved.

Customer Reviews

This book caught my attention right at the start and kept it till the end had to make extra time in my day just because i did not want to put it down. Worth all the time i spent reading and left me wanting more

This series just continues to get better and better. Ruby is basically forced back to Sage Sanctum... she didn't want to go, but with Hunter and Lucian closing in on her, she has no choice... Back to face her best friend, her first love, and a school full of people who openly hate her, and few who respect her.. on top of that, she may be the cure the world needs.

Kept me reading till the very end. I didn't want to set the book down or anything till I had my fill. Though I was very sad when it ended cause it really just grabbed your attention and led you right off the cliff....hanger. I was very much quite happy with what happened in this book, not gonna say what but if you decide to keep reading the series, you'll find out and be so happy as well. =)

I am in love with this series. I love the characters, they are very relatable. I love the story line, can't wait till the next installment. The writing is also well paced. I read a lot of paranormal romance but I rarely write a review. I have to really like a book in order to leave feedback, and I highly recommend this series.

Even though my kindle unlimited sucks and makes me pay for every book after the first "usually" this one is the best one out of the 3 from this series so far. We will see after I read the 4th book next :).

I liked the series, it was engaging and unique. Towards the end though I just couldn't stand that the main character, who was supposed to be God like would act in a very ungodlike fashion. Instead of being divine, she was full of sin. It just didn't sit well.

Loved this book. Author is talented. You will enjoy this book and if like me not be able to put it down until the last word is read.

I normally do not like this kind of story the fantasy science fiction type. I got the first two books of this series free and I had to know what happens between Ruby and Eli. It was an ok ending but in a way a little predictable what was going to happen.
