Good guide to the Hollywood park. However, a lot of effort is spent on what to know to book your vacation and we didn't need that as we were booked through groups we had access to rather than using a guide to book hotel, etc.

This book worked out really well for us. We went to universal on a Thursday in July 2016 and followed the recommended guide through the park and which rides to go on at which times. We were done with the entire park by noon and only waited in lines that were 5 minutes or less long. When we were done we just went through again on any rides that we wanted to, and looked at the interesting sites in the park. The book met our needs wonderfully. :)

Helped to plan a summer 2016 trip. A lot of good info is free online as well but I feel that this book was worth the cost.

Very impformative book. A must read if traveling there!

Great book that offers good suggestions for what to do while there. The advice for when to go to the Wizingding World of HP was wonderful.

Wonderful guide. We read it before our trip, followed it exactly and beat the crowds. Loved the extra tips.

Awesome

Gave us lots of ideas and things to look forward to.
