I didn't realize that Sat and Sun would be lumped together at the end of each week barely allowing space for notes. Some people may need the space for the weekdays, but I need more space to write on Sat and Sun. I'll be looking for a different calendar.

The name is: Lighthouses, but it should be: "the one lighthouse just on the cover because you won't find any other in its pages". I thought the other designs inside the calendar were to cover the actual picture of different lighthouses but I was wrong.

The pocket calendar is the perfect size and very nice. The only problem I had with it is that the weeks started with Monday. I am used to my calendars starting the week on Sunday. I bought another pocket calendar.

Instead of filling in the empty squares with the colorful design, they should have been left white (blank) so notes could be written in them.

The 2016-2017 Lighthouses pocket calendar is really nice. It is for a gift and I am pleased with it and know the person will like it.

nice pocket calendar

nice pocket book, but too thin, there should be more blank for writing.

Only one lighthouse. Who cares? It's a calendar, not a picture book.
