Customer Reviews

In a world of humans and dragons, two unlikely pair becomes a great team. One rider, another sort of navigator. But there is trouble in a peaceful kingdom. Murder, betrayal, a surprise!

Excellent job great series I highly recommend it. Great read very hard to put down. Keeps you turning page's wondering what happens next. Keep up the great work.

I truly enjoyed the boxed set. The characters are engaging and the story is well written.

Really good series. Characters are great. Story is a bit predictable at some points and throws some twists in there that you don't think of. Overall worth the money to buy and read. Would suggest it for any one who loves dragons or coming of age stories.

A wonderful dragon adventure. It is a well-written story with lots of action. The heroes and heroines are intelligent and human. They learn that friends are the family you get to choose and there is

always hope.

I was pulled into these books since the first one. They were hard to put down. They all connected very nicely and made you want to read more. Great author.

What a great series I lost sleep because I couldn't put it down. Would recommend it to all who like adventure.

Enjoyed all 3 books. Satisfying conclusion. Requirement for a minimum number of words is annoying and enough to stop me from leaving any kind of review.
